

The

Wine Facilitator™

www.pakwest.com

by: Pak West Paper and Packaging

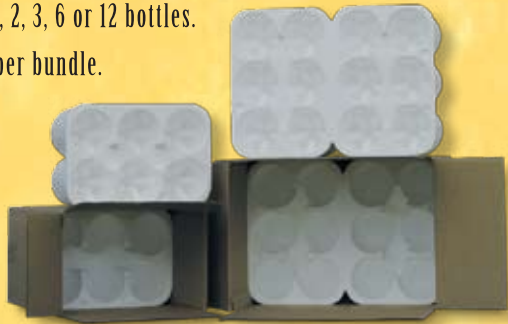

- The newest design for wine shipments in the industry.
- Heavy duty EPS Foam.
- Heavy duty 200# test shipping containers for 1,2,3,6 or 12 bottles.
- Approved for shipments by FedEx.

U.S. Patent Pending

Space Savings

- The Wine Facilitator saves valuable warehouse room.
- Less inventory to handle, just two inserts and five boxes for the entire program.
- Heavy duty 200# test shipping containers.
- 12 pack shipper - available in double wall.
- Holds 1, 2, 3, 6 or 12 bottles.
- 6 sets per bundle.

- The most versatile wine shipper in the industry.
- Heavy weight molded EPS 2 piece insert.
- Holds any 750ml bottle.
- Safely ship tall thin bottles or any size up to champagne.
- “Fingers” in both top and base hold bottles securely during shipment.
- Won’t rub labels or foil in transit.

Cold Packs

- Unique “Cold Pack” feature will keep wine cooler in shipments during the hot weather months.
- Add one more dimension to your shipping capabilities without adding to your packaging inventory.

3-2-1 Shipping Concept

The Foam has a easy snap apart design. Perfect for shipping the different quantities.

The snap apart design lets you ship a three pack, two pack or just one single bottle from only one part.
